## EDUCATION

Walchand Institute of Technology, Solapur

BTech in Computer Science and Engineering

Nov 2022 – June 2026

CGPA: 8.98

12<sup>th</sup>(HSC (Maharashtra Board)

80% (2022)

10<sup>th</sup>(SSC (Maharashtra Board)

81.20% (2020)

## TECHNICAL SKILLS

- **Programming Languages:** Java, Python, JavaScript, HTML, CSS
- **Frameworks and Libraries:** React.js, Node.js
- **Database Management:** SQL, MongoDB
- **Version Control:** Git and GitHub
- **Computer Fundamentals:** DSA, OOP, DBMS, OS, CN

## PROJECT

Health Care Website: [Source Code](#)

- Developed a responsive **Doctor Appointment Booking website** using **React.js** and **Tailwind CSS**.
- Included key pages such as **Home, About, Contact Us, My Profile, Login, and Sign-Up**.
- Designed a modern, **user-friendly interface** with **smooth navigation**. Ensured seamless functionality across devices through optimized responsiveness.
- Focused on **scalability, state management, and creating intuitive user experiences**.
- Showcased expertise in modern web development by addressing real-world usability and design needs.

QuickFood Website : [Source Code](#)

- Developed **Food Ordering Website** using **React.js** for the frontend and **Node.js** for backend functionality.
- Utilized **MongoDB** for efficient data storage and management.
- Users can **browse menus, place orders, and track deliveries**.
- **User authentication** allows secure **sign-up** and **log-in**.
- The **admin panel** enables managing **orders, menus, and user accounts**.
- Optimized for **responsiveness**, ensuring a seamless experience across all devices.

News App: [Source Code](#)

- Developed a **responsive News App** using **React.js**, integrating a third-party API for **dynamic article listings and filtering**.
- Utilized **React hooks** for efficient state management and component rendering.
- Designed a **clean, modern UI** with **CSS**, ensuring user-friendly navigation and seamless data handling.
- Highlights proficiency in **API integration** and building **scalable frontend applications**.

## PROFESSIONAL ACCOMPLISHMENTS

- **Solved 250+ DSA problems** across platforms: **LeetCode** and **GeeksforGeeks**, enhancing problem-solving skills and gaining proficiency in algorithms and data structures.
- **Secured 7th position** in the **internal hackathon** organized by the college for **Smart India Hackathon (SIH)** selection, demonstrating creativity and technical skills in app development.
- Participated in a **Power BI Hackathon**, applying data visualization and analysis skills to solve real-world challenges.
